EXPLORING  
THE DEPTHS  
OF KNOWLEDGE  
THROUGH EXCELLENCE

**Sakthan Thampuran**  
College of Mathematics and Arts

[www.sakthancollege.org](http://www.sakthancollege.org)

# ABOUT US

The city of Thrissur is indebted to **Sakthan Thampuran**, the mighty ruler of erstwhile Cochin state for its unique achievements in the areas of business, culture and education. Even as it has earned the sobriquet "**Cultural Capital of Kerala**" over the years, it is a home for myriad Institutions of excellence, and thanks to him. True, numerous Institutions organizations and locations in the city have been named after the great ruler. But among them **Sakthan Thampuran College of Mathematics & Arts** stands out as a fitting monument to the great ruler. For, it is a striking paradigm of the inextricable link between education and culture. The college celebrated **Silver Jubilee** in the academic year 2010 -11.

The roots of education are bitter, but it's fruit is sweet says Aristotle. To achieve the preferred goal is not a task for a student if he structures himself wisely. Here is the relevance of choosing his course and career. He should select the course which provides him to fulfill his passion and aptitude. **Sakthan Thampuran College** promises you a large arena of courses without any compromise on value based education. Having completed more than three decades in academic field, we are quite confident to help you to fulfill your dreams. Having a dedicated crew of teaching and non-teaching staff, we are ready to mould your career with good character. Hopefully, we expect the support of all our well wishers in future..

**JOJU THARAKAN**  
DIRECTOR

# PRINCIPAL'S DESK

**AJITH KUMAR RAJA M.**  
PRINCIPAL & DIRECTOR

*" Woods are lovely, dark and deep  
But I have promises to keep  
And miles to go before I sleep,  
And miles to go before I sleep "* **Robert Frost**

Studentship is the most creative and innovative phase in everybody's life. Hence it is said that education is a passport for the future. It gives us an understanding of the world around us and offers us an opportunity to use that knowledge wisely. It does not simply mean the gratification achieved through money or fame, but it is a 'give and take policy', giving of what one has achieved through learning and taking the benefit of being humane in temperament. It is not the aptitude but the attitude which determines your identity.

The next best thing is to know where to find it. As it is the most powerful weapon that can change the world, it should be learned to use it properly. So the choice of an Institution is very important in this context. An educational Institution is not a building simply made of bricks and cement. It should have a lineage of value-based education. The values are not only to be taught but also to be practiced as well. The teachers should set an example for the students. There should be a warm relation between students and teachers. The atmosphere of the Institution must give confidence to the students to achieve their goals.

Here I can proudly assure you that, the management and the teachers at **Sakthan Thampuran College** provides the students the maximum encouragement. The management is always willing to extend maximum support for the students. The teachers are so loving and caring that the students feel themselves at home.

They are the real masters who are so proficient in their

subjects. They are the beacons that help the students to walk in the light. With their wholehearted support and encouragement, we are bagging the medals for academic and non-academic fields. We are trying our best to help the average students to attain higher levels of merits and the meritorious students to achieve top-level ranks.

We know thoroughly well that there are many things to do to fulfill our dreams. We are on the path of winning them one by one. And I am sure that with the strong support of our teachers, students, parents, and well-wishers, the dream will not be so far.

## ■ PLUS TWO COURSES

REGULAR STREAM [ONLY FOR GIRLS]

### • HUMANITIES

Part I - English

Part II - Malayalam/Hindi

Optional: History, Economics, Political Science & Sociology.

### • COMMERCE

Part I- English

Part II - Malayalam/Hindi

Optional: Business Studies, Accountancy, Economics, Political Science.

## ■ DEGREE COURSES

# Professional courses

We,

Sakthan Thampuran College, believe ourselves being dynamic and has always welcomed the new age trends and developments happened in the Educational Sector. Since great and limitless opportunities have evolved across the globe, we understand the importance of high-quality education and hybrid qualifications, which attract the eyes of the world's greatest employers.

It is the need of the day, to have Professional qualifications to acquire a reputed position in your career, or to be a well-respected practicing professional. When the students are able to crack professional exams along with the Degrees, they get great job roles at the start of their career itself and it helps them to reach the higher levels in their career at the earliest.

With the help of eminent Professionals and Chartered Accountants, Cost Accountants and Company Secretaries, accompanied in the Faculty Panel, we are adding the World Class Professional Certifications with Our Degree/PG courses.

We assure a world class training with the continuous support to our Professional Course students to crack their course examinations and to start a great career in the field of Finance and Accountancy.

## B Com + CMA (USA)

“For nearly 50 years, the CMA® (Certified Management Accountant) certification has been the global benchmark for management accountants and financial professionals” – Institute of Management Accountants.

Students will be trained to clear the prestigious CMA-USA exams along with their B Com classes. Classes will be taken by our special team of professional faculties, who have immense experience and qualification in teaching the subjects-both to deliver the classes with utmost quality, and to motivate students to clear the rigorous examinations. Students will also be having periodic exams, to make sure they are up to date in their studies to achieve their goal, with clarity and speed. The average net income for a CMA employee received is \$107,817 p.a in US for 2019 (as per CMA Exam guide) and entry level professionals get around Rs 8 lakhs p.a in India as per Payscale.com. Sakthan Thampuran College ensures quality education at the right price, and we are proud to say that we charge the least from the students as tuition fees.

# Certified Accountants Practical Training (CAPT)

Sakthan Thampuran College always takes a futuristic step towards the empowerment of its students. In the present scenario, fresh, professional accountants with practical knowledge are as scarce as a hen's teeth. So here we are, up with a 360° course which covers all the basic and advanced contents that a student needs, to be a skilful and professional accountant. Powered up with 20 plus soft skills and an opportunity to meet high-profile employers through job fairs and placement drives, the course with the lowest of the low fees becomes a blessing to the students. Added with several optional certifications, this amplifies the worth of the overall course as a unique program. Training under industry experts and internships in renowned companies polishes the student to become a gem which helps in the due course to emerge as a promising professional/practical accountant. For Sakthan Thampuran College students, we offer the course at a considerable discount.
